EDUCATION

Boston University

Bachelor's + Master's in Computer Science
Fall 2014 — Spring 2019

▶ Major GPA: 3.7/4.0 — Overall GPA: 3.62/4.0
▶ Relevant Coursework: Software Engineering, Databases, Artificial Intelligence, Computing Systems, Urban Data Mechanics, Algorithms, Data Structures

EXPERIENCE

BuzzFeed

Software Engineering Intern and hackNY Fellow
Summer 2017

▶ Implemented a new worker for collecting Pinterest post and metric data in the company's distributed pipelining service
▶ Optimized/enhanced internal API endpoints primarily through caching, resulting in a 200% speedup in response service times

Hitachi Data Systems

Software Engineering Intern
Summer 2016

▶ Redesigned company's Android app, HCP Anywhere
▶ Updated app with Material design via AppCompat libraries and added new features like direct file/camera uploads, renaming, and improved navigation

Codecademy

Codecademy Advisor
May 2016 — May 2017

▶ Tutored and mentored Codecademy users online about CS fundamentals through various exercises with Python, Java, Git, Javascript, and HTML/CSS

PROJECTS

TerrierTransit

Spring 2017

▶ Working on an iOS/Android app in React Native for the BU shuttle
▶ Implemented Airbnb MapViews and data fetching from an in-house API

Remindr

Winter 2016

▶ Built an iOS app that reminds users based on a location or time, implemented with the Google Maps API

TextDirections

Winter 2017

▶ Built a small SMS service that returns navigation directions based on a user's origin, destination, and mode of transportation

SKILLS

Programming
▶ Python, Java, HTML/CSS, Javascript, Swift

Tools and Frameworks
▶ Git, Tornado, Flask, React, Bootstrap, Xcode

Design/Media
▶ Sketch, Adobe Premiere/Illustrator/Lightroom

COMMUNITY

CS 111 Course Assistant
▶ Host weekly office hours and attend lab to help students with assignments

Open Web Vice President
▶ Creating a CS community at BU by building/guiding student projects and leading app development workshops

BostonHacks Organizer
▶ Part of the 20 person organizer team, responsible for social media and travel logistics

hackNY Fellow (class of 2017)
▶ Participated in a 10 week fellowship program in NYC, met various speakers in the NYC tech scene and participated in a social good project

AWARDS

▶ Best UX Design Award at Global Appathon 2015
▶ Semi-Finalist in Winter 2016 U.S. Microsoft Imagine Cup
▶ Presidential Scholar Student at Boston University
